

Are you taking advantage of PEN's Optometric Billing & Consulting Services?

Now accepting private carriers, PEN's billing services provide more than just a pipeline for your insurance claims.

- **Claims Processing** reduces turnaround time with fewer denials and provides help when you need it most. This service includes claim submission and auditing, denial resolution, expert consulting, monthly reports and quantity discounts.
- **Medicare Eligibility Inquiry** will help you avoid unnecessary denials by submitting the claim to the correct insurance - the first time.
- **Expert Consulting** provides the quickest response to your optometric insurance billing questions.
- **Credentialing - *Coming Soon!***
Gain access to insurances without investing 6-9 months of precious staff time...PEN understands the "ins & outs" of paneling with insurance carriers (credentialing & contracting) and can do the work for you!
