

Treatment Sheets

Written instructions increase patient's treatment compliance & success! Much more than the typical, patient take-home, fact-sheet, Treatment Sheets are designed to save you time and to give patients take-home information specific to their situation including:

- General information describing the condition.
- Treatment options & instructions with check-boxes.
- Space for listing medication and follow-up visit information.

Pads are 50 sheets each. Topics include: Computer Vision Syndrome, Corneal Abrasion, Dry Eye, Eye Drops & Ointment, Eyelid Problems, Keratoconus.
